

New A.I. Powered Paid Ads

The image displays two overlapping screenshots. On the left is a 'Create: Facebook Lead' campaign setup interface. It shows a progress bar with 'Set Up' completed and 'Schedule' in progress. The 'Choose your Schedule' section has 'Start Date' set to 2/11/23 and 'End Date' to 2/23/23. The 'How much would you like to spend?' section shows a daily spend of \$20, with a calculated daily spend of \$3.57. A green notification says 'Looks great! You are maximizing your spend.' Below this is a 'Choose your payment method' section with a note 'This order will be billed via partner invoice' and a 'Name your Campaign' field with the name 'February Valentine's Day'.

On the right is a mobile phone screenshot of a Facebook post from 'Cole Capper' (Sponsored). The post text reads: '10767 San Diego Mission Rd. This one could be your dream home! OPEN HOUSE this Saturday'. Below the text is a photo of a large, modern house. A dark notification box is overlaid on the post, stating 'New incoming lead!' and 'New lead from your paid ad February Facebook Campaign.' with a 'View Lead Now' link. Below the photo is a 'Learn More' button. The post engagement shows 1K likes, 97 comments, 39 shares, and 6.6M views. The bottom navigation bar of the app is visible.
